Based in Southeastern, USA, guitarists Mike Edwards and Dan Newman have been a musical team since 1969 and have forged their years of experience into King muDDfish. Dan lays down lead guitar that intertwines with Mike's vocals, slide guitar, and harmonica. Together with percussionist BBG and bassist Joel Kobelin, they throw down a wall of tight, dynamic grooves.

With the release of "Hook Water Wolf", King muDDfish served up their unique flavor of classic blues recipes. King muDDfish chose to celebrate the work of John Lee Hooker, Muddy Waters, and Howlin' Wolf by recording their favorite Hook, Water, and Wolf tunes thereby earning the CD a nomination in the Blues Foundation IBC "Best Self-Produced Blues CD of the Year".

The 2nd CD "No Cover" features all original blues tunes by King muDDfish and established the group as a premier blues band. "No Cover" was nominated in the Blues Foundation IBC "Best Self-Produced Blues CD of the Year".

The latest King muDDfish CD "Tails of the Flying Mermaid" introduces the world to Swamp Boogie Blues.
